Process for Ensuring Compliance with Approved Course Duration Checklist

Step 1: The Administration Team consults the VTI yearly intakes calendar to determine appropriate start and end dates.

Step 2:

2.1 The Administration Team verifies the proposed course start and end dates during the creation of offer letters/Enrolment Agreements with reference to the training and assessment strategy (TAS) for the course.

2.2 The Administration Team cross references the TAS with the CRICOS register to ensure that the duration does not exceed the duration listed in the CRICOS register for VTI.

2.3 To double check, the Administration Team enter the proposed start and end dates into the Time and Date Calculator tool available at <https://www.timeanddate.com/date/duration.html> to ensure that the number of weeks do not exceed what is recorded on the CRICOS register.

Step 3: After the student has signed the written agreement, the Administration Team check the dates again, as per step 2 above, and enter the start and end dates on the Confirmation of Enrolment (CoE) in PRISMS.

Step 4: Prior to orientation sessions, and on a monthly basis, the Administration Team accesses the PRISMS report to validate that the dates specified in the CoE do not surpass the CRICOS registered duration. This proactive measure is taken to maintain ongoing compliance.

Step 5: In the event of any identified discrepancies in dates, the Administration Team promptly notifies the Compliance Manager/CEO.

Step 6: The Compliance Manager/CEO will fix any errors by updating CoEs in PRISMS and appropriate comments made on the student file. The Compliance Manager/ CEO will monitor for repeat issues and take actions as required such as staff training or policy review.
